MONONGAHELA RAILWAY SERVICE ANNOUNCED FOR SEPTEMBER 1

Fairmont Times Prints Story of Interview With Superintendent Obey

WILL SLICE RUNNING TIME

Operation of Through Trains Between Fairmont and Pittsburg Will Decrease Time of Trip—Telephones Are Installed.

Speaking relative to the beginning of Monongahela railway service to Fairmont the Fairmont Times says: Regular passenger train service over the Monongahela Railway will not likely be established over the road before September 1, if then. It is possible that the new road may take care of part of the traffic during the Fairmont fair. This is the gist of information given out by General Superintendent Obey of the Monongahela railroad, with headquarters at Brownsville, Pa., and who is now directly in charge of the new line into Fairmont.

Superintendent Obey came to the city on his special train, consisting of one coach the "Monongahela," and an engine and tender. Mr. Obey and his assistants held a conference here with Samuel D. Brady, chief engineer of the new railroad.

The superintendent of the Monongahela said t here was little information to give Fairmonters, aside from what they already knew. "We do not know for a certainty what trains or how many we will put on between Fairmont and Pittsburg. The amount of travel over our lines will of course, necessarily regulate the kind of trains and the number we will p ut into service."

Asked about passenger train service and whether or not the new road would provide sleeper and dining cars from Fairmont to Pittsburg, Superintendent Obey would make no definite statements. "We have not decided on anything definite yet, and it is not likely that we will know concerning this, until the new line has been placed in operations."

As previously announced the Monongahela road will greatly facilitate travel between Fairmont and Pittsburg and other points along the line. The trip to Pittsburg will be made 45 minutes or more faster than the Baltimore & Ohio is making it now, according to the information given out by the Monongahela officials.

While Fairmont people have been anxious awaiting for the opening of the new road, those in charge say that the delays have been unavoidable. There has not been any particular difficulty in getting the approval of the public service commission of Pennsylvania and West Virginia. The merger of the B. & N. road with the Monongahela railroad, a corporation, which previous to the completion of the new road, was already in operation in Pennsylvania, became effective July 1. The tariffs for the railroad are to be submitted to the Interstate Commerce Commission at the earliest possible date.

Trains on the new road will be dispatched by telephone. The telephone lines have already been installed and are now in use.

The new freight depot in Fairmont will not likely be completed before another month. Steel for the new structure has been delayed. For several weeks the railroad has been handling freight shipments to and from Fairmont. The consignments have not been large and the work train e ngine has been taking care of this traffic.

The official visit of the general superintendent was only for the purpose of seeing how work on the new stations and freight depots was progressing and to get a line on other details of the work.

Col. J. M. Schoonmaker, president of the Monongahela Railway company and vice president of the Pittsburg and Lake Erie will likely make an inspection of the new railroad to this city in the next few days.

DECLARES SAN DEIGO EXPO IS BETTER THAN SAN FRANCISCO

Frank Sample Returns From Western Trip—Spent Several Weeks Visiting Along the Seacoast

Frank Sample, a genial Pitts burg Railways conductor returned this week from a several weeks' trip west to the Pacific coast. He visited enroute in Colorado, Utah and other states, and stopped long enough to enjoy among other things visits to Salt Lake city and other cities a climb up Pike's Peak. In California he visited at the home of his sister, Mrs. Ralph T. Wheeler, who lives 500 miles distant from Los Angeles and about 1,000 miles distant from San Diego. While in California Mr. Sample took advantage of the opportunity of attending both the Panama-Pacific exposition at San Francisco and the San Diego exposition at San Diego. The San Deigo exposition he says is if anything the better of the two, but it doesn't get the crowds. Mr. Sample thoroughly enjoyed every part of the trip and returned home in fine fettle.

NEW ZINC PLANT MAKES FIRST PAY

Donora the Scene of Much Activity as Building Work Continues

Today was the first pay day at Donora's new zinc plant and approximately $25,000 was paid out to men who have been at work on the excavations, foundations and preliminary work.

Some time in August the structural steel workers will be there and the payroll will be increased to considerable proportions. So far about 500 men have been employed. Within a month it is said over 1,000 men will be at work hustling the plant to completion as the aim is to have it in operation by January 1.

The old Gilmore homestead has been remodeled and utilized for an office for the new works.

SEEKS THE NOMINATION FOR COUNTY TREASURER

O. Evans Mikesell

O Evans Mikesell of Washington formally announces, in this issue of The Mail as a candidate for the nomination for county treasurer on the Republican ticket, subject to the decision of the voters of this party at the primary, Tuesday, September 21.

Mr. Mikesell is one of the best known of the younger men in the county on account of his activity in various lines of enterprise both public and private. He is unquestionably one of the most capable and efficient young men ever attracted into the public service. Born in West Bethlehem township, where he received his early education he has spent his entire life in the county. His early struggle to secure an education only made him stronger to meet the arduous tasks of life. He attended California Normal school preparing himself for the teaching profession and for five years was a teacher in the common schools of the county. He entered the teaching ranks at the age of 16. Mr. Mikesell later went into newspaper work in which he was engaged for seven or eight years this bringing him into contact with many people and giving him a wide acquaintanceship. During most of these years he reported the news of the county offices and the courts thereby bringing him into direct contact with every phase of the county business.

Two years ago with the creation of the department of weights and measures Mr. Mikesell was appointed sealer which position he now holds. As a member of the executive committee of the National Conference on Weights and Measures his work has attracted wide attention and has given him a leadership in this line of work all over the country. He was the originator and author of most of the important laws affecting changes in the weights and measures of the state and few men in the state are better acquainted with the service or more efficient in carrying out the duties of the position which he holds. In fact no district in the state has been better taken care of than the one which he supervises. Mr. Mikesell's leadership in this work has made him the logical candidate for the next Presidency of the state convention of sealers.

Politically Mr. Mikesell has been active in the party of his choice. For a number of years he was Secretary of the Republican county committee, has been a member of the executive committee and is now chairman of his own precinct—in fact he has worked year in and year out in fair weather and foul, whether as a private or an official, for the success of the party and the principles for which it stands. He has never before been a candidate for public office.

Mr. Mikesell has made good in every line of endeavor he has undertaken and he believes that he can make good as treasurer of Washington county if he should be nominated and elected to this office. He asks for the support of the voters on his record.

SURPRISE RECEPTION TENDERED NEWLYWEDS

Members of First Baptist Church Entertain in Honor to Mr. and Mrs. Floyd Chalfant.

A surprise reception was given Mr. and Mrs. Floyd Chalfant, newlyweds, at the First Baptist church Friday evening by members of the congregation, and friends. The affair was arranged at the suggestion of members of the Baraca class of the Sunday school of which the former is a member. Rev. W. G. Carl, pastor of the church with a few remarks on behalf of the congregation, presented the couple with an aluminum roaster. Response was made by both Mr. and Mrs. Chalfant. Others spoke congratulatory words. An enjoyable evening was spent.

You'll get a bargain every time at Berryman's Sale for there's nothing but bargains. 26-t2

STATE POLICE ON THE TRAIL OF AUTOISTS WHO RAN DOWN SCOTT

Killing of Octogenarian Arouses the Inhabitants Of Two Towns

BOY'S STORY IS AMPLIFIED

Manslaughter Charge May be Filed And Driver of Car if Apprehended May Also Lose License—Asserted Haste Was Unseemly.

In an endeavor to trace the speeding autoists who Thursday evening ran down and killed John W. Scott, an octogenarian of Belle Vernon on the Pricedale road a detachment of state police is now busy in the Monessen and Belle Vernon sections. Indications are that it will go hard with the autoists if they are caught.

The story that was told by John Roberts the boy claiming to have seen the accident from a distance has been further amplified. He now asserts that the autoists stopped after hitting Scott, and that one of them got out of the auto to examine Scott. His haste in returning to the auto was noticeable and the car was speeded up then if anything faster than ever. As evidence of the rate of speed at which the auto was traveling the fact is told of the finding of the man's cane 30 feet away from his body.

If the driver of the car is apprehended he will probably be brought before the Westmoreland county authorities to be held to answer to a charge of manslaughter. In addition an effort will be made to have the State Highway department revoke his license. Feeling runs high in the two towns of Monesesn and Belle Vernon.

PROGRAM ARRANGED FOR SUNDAY SERVICES AT BATHING BEACH

Rev. E. N. Duty to Make Address Sunday Afternoon at 3 o'clock From the Beach Bandstand.

Rev. E. N. Duty, pastor of the First Christian church, who will conduct religious services at the band stand at the Bathing Beach, has arranged his program to be as follows: Hymn, "Is it the Crowning Day?" invocation, Rev. Duty, hymn, "The The Church in the Wildwood;" scripture reading, T. J. Allen; anthem, "The House that Stood in the Storm," Herbert, chorus choir; prayer, J. E. Newcomer; solo, "Broken for You Miss Blanche Christopher; address, Rev. E. N. Duty; hymn, "Where He Leads Me;" selected number, children's chorus; benediction.

CAPT. WILSON AMONG MANY SHOW FEATURES

Carnival Attractions Includes Big Wild Animal Show—Three Band Concerts by Splendid Bands Programmed For Tonight.

Captain Curley Wilson with his wild animal show with Johnny J. Jones carnival and exposition shows is one of the chief features of the Moose carnival at the baseball ball park this week. The collection of animals includes elephants, hyenas, leopards, pumas, lions, tigers, polar bears and other animals. The staff of trainers consists of the following persons: Charles Hustin, the boy trainer with six full grown African lions; Miss Jewell, mixed group of leopards, panthers, hyenas, pumas and other cats: Princess Louise, five full grown lionesses; Charles Hewell, trick elephant. Baby Sue: Frank Powell, trained polar bears.

The carnival opens tonight with three free band concerts by Dr. Vitucci's Royal Italian band of 22 sole artists; Joe Oppice's Rag Time band and Austin's Caledonian band. Other free acts are a high dive and an exhibition of her tricks by Baby Sue, the trick elephant. Rogers' Athletic hippodrome attracts a lot of attention. Jael More, the Italian champion wrestler is meeting all comers and paying those who stay over five minutes with him, five dollars. He has not parted with much money up to date. Jennie Williams and Kitty O'Brien, women wrestlers, also show their skill at every performance. Prof. Kuntz's European Flea circus is a novelty that is making a big hit. Austin's ten wonders in one features all kinds of freaks from Alma the fat lady, 697 pounds, down to Zada the midget weighing 28 pounds. Joe Oppice's real southern negro minstrels continue to draw big crowds and well they may for these 36 negro performers are all star comedians. Dion's animal show with its blue hairless mare and cow giving milk through its back; Betty the alligator girl; Ish-Ka-Bibble; Davis snake show; trip to Mars; Kinsel's $20,000 merry-go-round; Boby, the sea lion boy; the mammoth Ferris wheel and McGary's $20,000 crystal palace maize are all attractions that you should take the first opportunity to enjoy. Tonight's the time, the carnival s the place.

29c Silk Sale Tonight.

FACULTY—EFFICIENCY

In the early days the New England housewife who managed to get her work completed comparatively early in the day, so that she had the greater part of the afternoon to herself was said to have "faculty." The one who was forever working and never coming to an end lacked this rare gift. Most of the New England mothers of that generation, remarks the Altoona Tribune, had "faculty" in plenty.

We do not hear the word so frequently nowadays but it exists under another name. The modern world speaks of "efficiency" when it wants to refer to the element in human character that used to be known by the older term. And we are hearing with increasing frequency from the mouths of twentieth century leaders that modern business conditions demand the utmost efficiency.

There is a good deal of efficiency to tap in America at the present moment. There is so much of it that the individual who lacks it is likely to register a complete failure in the race of life. The business operations of the whole world and especially of our own country constantly require the best efforts of the best men and women who can be found. All should know that.

America turned out several hundred thousand young folks within the next year or two who are now ready to begin the day's work. At least they think they are. If they are not prepared to grapple with almost any sort of an emergency they had better seek an increase of efficiency before tackling the man's job that lies before them. Otherwise dead failure will be their lot.

DRUNKEN AUTO DRIVERS

The State Highway Commissioner has cancelled the licenses of two auto drivers locally convicted at different places of drunkenness while handling their machines. If this should be followed as his regular policy it ought to have a widespread good effect. Local conviction is sufficient to justify revocation and when chauffeurs generally understand that this will be enforced, most of them will be reasonably certain to cut out the booze, says the Pittsburg Dispatch. Those who may not should suffer the punishment.

The many auto accidents due to drunken drivers needless discredit on automobiling and every step to get such men out of the business will have hearty support from auto owners and associations. Drunkenness imperils not only the driver and his machine, but his passengers and all other cars and their occupants on his route of travel. The most rigorous severity by local and state authorities against intoxicated chauffeurs is fully justified and should never be relaxed.

CAUGHT UP IN PASSING

The story is told that two Hebrews on a journey into the country happened upon a moving turtle that was minus a head. They argued, one maintaining that the turtle was alive and the other declaring that anything without its head must be dead.

An Irishman by the name of Pat came along. His attention was called to the unconcerned turtle, which moved on. He was asked to decide whether the turtle was dead or alive. Pat looked silently at the turtle a moment, then exclaimed as of one with author-

[illegible] "Faith, th' turtle's head out [illegible] don't know it."

A lady woman went to spend her vacation in the country town where she was born. [illegible] says Roy K. Moulton, [illegible] a farm, she met a man [illegible] Farmer" Mays had been a [illegible] suggestion for a hat.

"Why, Charlie," she said, "your father must be getting well on in years."

"Yes," replied the man, "he's close on to 89."

"And does he enjoy good health?" inquired the woman.

"No," said the man, "he hasn't been right pert for some time."

"What seems to be the trouble with him?" she asked.

"Well, I dunno," was the answer, "I guess farmin' don't agree with him any more."

Electric Sparks

Wonder if there is any such thing as reciprocity in adjustment.

How, and Why,——

the GOODRICH "Fair-List" Propaganda now saves Car-Owners, yearly, over $25,000,000 on Tires

Made as Always——

——The same reliable Construction.

——The same dependable Service.

——Nothing whatever taken out of materials or Quality, no matter what reductions in List-Price are ever made.

THERE are 1,923,951 Automobiles now State-licensed, and running, in the United States.

Of these, 1,803,951 are Pleasure Cars,—i. e., exclusive of Trucks, etc.

More than 90% of them, or about 1,623,555, use *Pneumatic* Tires.

Each car will wear out and replace, on average, about one Set of Four Tires per year.

Therefore, the interests of each Car-*Owner*, as well as each Car-*Manufacturer*, each Car-*Dealer*, and *Salesman*, are vitally and personally affected by the *price of Tires* to Consumers.

Because,—Tires and Gasoline are the two *big* items of consumption in the *operation* of Motor Cars.

The Owner who used his Car 1,000 miles *less*, per year, than he *would* have done, *because* of "the high-price of Tires and Gasoline," received that much *less return* from his entire investment in the *Car* proper.

The potential, or prospective, Car-Owner who fails to *buy* a Car *because* of "the high cost of Tires and Gasoline,"—he who sells his Car and does not buy again *because* of "the high cost of Tires and Gasoline"—or he who, for the same reason, stores his Car and does not run it during a considerable part of the year,—is a direct loss to—

—1st—Automobile Manufacturers as a class,

—2d—Automobile Dealers, as a class,

—3d—Garage Owners, as a class,

—4th—Lubrication & Gasoline Manufacturers, as a class.

But,—he is a *greater* loss to TIRE *Manufacturers*, and *Dealers*, as a class, than to any others.

Because,—

—Gasoline and Lubricants, for instance, can be sold to the Owners of Motor Boats, Stationary, and other Motors.

But,—Automobile Tires can *only* be sold, in the ultimate, to *the man who* OWNS *a Car*, and *who wears out Tires* through *using* it.

* * *

EVERY *mile* that each Automobile *runs*, means an *automatic Sale of Tires* to replace that mileage with new Tires.

But, all the Salesmanship, and all the Advertising, under the Sun, could not increase, by a single Tire, the *total sales of Tires* beyond the *number* of Cars owned by Consumers, and the number of *Miles* each Consumer runs his Car yearly.

The Market for Tires is therefore *limited*, inflexibly, to the number of Cars *running*, and the Mileage which each Owner is *induced* to *run* yearly.

Therefore, we opine that to promote greater *Sales*, and greater *use*, of Automobiles, few better incentives can be offered than *markedly-lowered cost*, TO CONSUMERS, for *Tires* and Gasoline.

Just as we recognize that the *only* legitimate expansion open to the *Tire Industry*, as a whole, would be due to the Sale of *more Automobiles each year* to Consumers, with a *greater average Mileage* USE, per year, of *each* Car by *each* Owner.

That is why we favor the *lowest possible price* for Tires,—to Consumers, consistent with maintenance of *high* quality and a *fair* profit to Dealer and Mfr.

So this, then, is a leading reason why WE initiated, and propagated, that Goodrich "Fair-List" Movement which we publicly announced in the press on *Jan. 31, 1915*, and which caused practically every Pneumatic Tire Manufacturer in this Country to *follow our lead* and bring his prices down to a *fairer* level.

* * *

THIS is also the reason why *some* Tire Manufacturers, who *could* not, or *would* not, "meet" our BASIC prices for Pneumatic Tires (even though our "Fair-List" Propaganda obliged them to make heavy reductions off their former Lists) might erroneously suppose that "Goodrich" Tires have been cheapened in *Quality*, as well as in price.

Hence this explanation (to the Public, to Car-Manufacturers, Dealers, Car-Salesmen, Garages, and *Tire Dealers* generally) that *we* deem it "good business" to sell the *best* Goodrich Tires (of fabric construction) we have ever made, at the *fairest* price possible for such quality.

Hence, too, the following TEST offer to Consumers.

—We will cheerfully pay for *any* Goodrich Safety "Non-Skid" Tire, sold since our "Fair-List" price-reduction (announced on January 31, 1915,) which *when cut open* shows *any reduction in quality*, in *number* of layers of Canvas, in *thickness*, or *quality* of Rubber, when compared with any *other* Goodrich Safety "Non-Skid" made by us, and sold at our higher prices current *before* the Goodrich "Fair-List" Movement.

And,—this is further to *authorize* any Tire-User to extend this Offer (at our expense) to *any* Tire Dealer, or Manufacturer.

We ask Car-Owners, and Tire Consumers, in *their own* interest, to see that no "implication" of lowered quality in Goodrich Tires goes *unchallenged*,—just as we have protected *their* interests, for our own sake, through our "Fair-List" Propaganda.

* * *

BECAUSE of that GOODRICH "Fair-List" Propaganda, every Car-Owner who *now* buys *any* make of Tire sized 37 x 5, now *saves*, on each set of 4 Tires, an average of about $46.27.

—Every Car-Owner who uses 34 x 4 Tires of *any* make, now saves, *through the Goodrich "Fair-List" Propaganda*, an average of about $26.15 per set of 4 Tires.

—Every Car-Owner who uses 30 x 3½ Tires, now saves, *through the Goodrich "Fair-List" Propaganda*, an average of about $14.70 per Set of 4 Tires.

Other sizes in proportion.

The 1,623,555 State-licensed Car-Owners who use Pneumatic Tires now save about 20% of what they last year paid for ANY make and size, whether they be Goodrich or competing brands,—equal to more than $25,000,000 per year.

And, don't forget that this giant *saving to Car-Owners* was *never mentioned* to the Public by *other* Tire Manufacturing Concerns *until* the Goodrich "Fair-List" Propaganda made it imperative that they extend the Saving to Consumers on *their* Tires, or lose business to the Goodrich Co.

But, notwithstanding all this,—the fact which should loom *largest* to TIRE-USERS is the contrast of 10% to 40%, in prices, that *still* exists between the low price of the *best* Non-Skid Tires (of fabric construction) that money can buy, or the largest Rubber Factory in the World produce,—(to wit, GOODRICH Non-Skid Tires) and all *other* "responsible" Tires in the field.

Compare these prices and see!

Then, if *you* are not already a Goodrich User, do yourself (and us), the justice to buy at least *one* GOODRICH "Non-Skid" Tire.

Test *that* out for Quality, Mileage and Resilience against *any* other Tire, at *any* price, which you are now using.

The *result* of such test will cause you to wonder why you ever paid *more* for Maximum Quality, Mileage, and Resilience than the *Basic* price of Goodrich Non-Skid Tires?

ALL OUT OF SORTS

Has Any Charleroi Person Never Felt That Way?

Feel all out of sorts?
Tired, Blue, Irritable, Nervous?
Back feel lame and achy?
Perhaps it's the story of disordered kidneys—
Bad blood circulating about:
Uric acid poisining the body.
There's a way to feel right again.
Stimulate the sluggish kidneys;
Do it with Doan's Kidney Pills.
Doan's are recommended by many Charleroi people.
Here's one case.

Mrs. M. E. Richards, 501 Seventh St., Charleroi, says: "For years I had attacks of kidney diseases. Just a short time ago, I was suffering from severe pains in my back that often shot up and down my spine and into my head. I also had chills and spots floated before my eyes. I was very nervous and the least work tired me out. I used one box of Doan's Kidney Pills and they drove the attacks away."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Richards had. Foster-Milburn Co., Props., Buffalo, N. Y.

Remember The Old Reliable Stand

Reliable Sanitary Barber Shop

5th Street Charleroi, Pa

Everything Up-to date
No Exorbitant Prices

G. W. TURNER

Prices Wrecked Beyond Redemption in this

Unprecedented Bargain Feast

This store has always enjoyed a reputation for high quality of goods and reasonable prices. Most all sales have been conducted after July, but this year, due to a number of trade reasons, it has become necessary to dispose of the stock now. It's a true saying, "Necessity knows no law," and we have carefully gone over the entire stock and ruthlessly stripped every article of its profit, and in hundreds of cases, of big slices of the cost. You can realize your good fortune when you reflect that in no other stores can you get high-class and desirable goods of the season, right in the season, at such infinitesimally low prices. You'll find here score upon score of unmatched and unmatchable bargain-getting opportunities. It's a sale replete with sensation after sensation in climaxes of bargain giving. Watch your dollar as it travels through our different departments and note how small a slice each purchase chips off.

COUNCIL AT NORTH CHARLEROI ELECTS

Fills Councilmanic Vacancy Caused by Resignation Seth Bane by Name T. P. Sloan for Place —Financial Conditions Discussed

North Charleroi council filled a vacancy in short order Thursday night at a regular meeting when it elected T. P. Sloan a former council to take the place of Boatmaster Seth Bane who resigned recently. Bane's resignation took effect on July 1.

In the absence of President Herman Nebulurg John I. Cope presided as president. Mr. Sloan's name was the only one placed in nomination and he received the unanimous support of those present for the appointment. He is to take his seat at once.

Other business was taken up and the financial condition of the borough was discussed to some extent the funds at this period running short.

PERSONALS

Mrs. R. H. Rush attended from a party at Belle Vernon given Mrs. G. J. Montgomery for Miss M. Stout a house guest from West Union, W. Va.

Coroner James T. Heffran who home is in Speers was in Charleroi Saturday. Coroner Heffran is just recuperating after an illness that necessitated him spending a few weeks in the hospital. He is preparing for the summer political campaign, having re-entered the field as a candidate for the Republican nomination for coroner.

Miss Elsie Yohe of Monongahela is visiting with Miss Jean Bowers.

Miss Pearl Hott has just returned home from a six weeks' visit with friends and relatives in Maryland and West Virginia.

Earl Hott has returned from a two weeks' vacation visiting in Cumberland, Md., and vicinity.

Mr. and Mrs. Warren Robinson have returned to their home in Steubenville, Ohio, after visiting with relatives here.

Mrs. W. R. Gaut and daughter Miss Mabel have gone to Altoona for a visit.

Harrison Watts has returned to Niles, Ohio, after spending some time at the home of his parents, Mr. and Mrs. B. Watts.

Miss Marion Lewis of Monessen visited in Charleroi Friday.

Mr. and Mrs. Clyde Regester and son David of Charleroi visited with her parents, Mr. and Mrs. David Woodward at Monongahela.

Mrs. John Hormell has gone to Rices Landing to visit friends.

Mr. and Mrs. Hiram Albright of Berlin were guests over Friday with their daughter, Mrs. J. Dixon, having motored here. Mrs. C. W. Albright and son Hardie accompanied them home for a visit.

INDEPENDENTS PLAY HICKMAN'S COLLEGIAN

The Charleroi Independent baseball club today went to Morgantown W. Va., to play Charley Hickman's Collegians, a team that so far this season has not suffered defeat. The strongest lineup that Manager Buchanan could present is being sent against the Morgantown nine, with Miller an dWilliams of Pittsburg constituting the battery.
